

**TAP-IN  
SEWER LINE**

Borough of West Middlesex

Request for a "tap-in" to the West Middlesex Borough sewer line system.

Location - \_\_\_\_\_

Purpose of tap-in - \_\_\_\_\_

How many other properties will you be crossing? \_\_\_\_\_

When will you start? \_\_\_\_\_

Will you be building? \_\_\_\_\_

Where will you be hooking into the sewer line? \_\_\_\_\_

**NOTE:**

Connection fees for service taps to the public sanitary sewer system to accommodate new connections shall be provided by the Borough pursuant to Property Owner application for service and associated provisions of Borough Ordinance No. 2-91 pertaining thereto. Borough charges to the Owner/Applicant for service shall be the actual cost of labor and materials expended or incurred by the Borough to arrange such service tap, but said charge shall not in any case be less than \$500 per Sewer Demand Unit or EDU value set by the Borough in consideration of the use, occupancy or wastewater load associated with the new premises taking service.

Tap-in will need to be inspected by Borough's maintenance man.

If you have any questions, please call the Borough office at 528-9931.
